

Anti- human CD29 (clone Moon-4)

Catalog No: MP-AA-15

BACKGROUND

CD29 is the B1 chain of the integrin .It associates non covalently with a variety of alfa chains to form the family of the Integrin receptors which mediated cell to cell and cell to extracellular matrix intercatations

PRODUCT

Each vial contains the indicated amount of IgG (HPLC, Prot. A) in 0,1% gelatine and 0,05% NaN3.

SUBCLASS

Murine IgG1

SPECIFICITY

Known also as Platelet GPIIa; VLA-beta chain; beta-1 integrin chain is expressed on: *Broad range of cells and tissues, T-cell, B-cell, SMC, End, Mo.*

STORAGE

Store frozen, avoid repeated freeze-thawing. Stable for 2 yrs.

SHIPPING CONDITIONS

Room temperature.

RESEARCH USE

This antibody is for laboratory research use only, not for human or in-vivo use.

APPLICATIONS

See enlisted references
